## SUMMARY

Senior Technical Writer & Support Engineer with 4 ½ years of experience working in U.S. engineering teams. Proficient in AI-integrated developer content, learning & development campaigns, and knowledge platforms. Currently at Uber, where I manage 400+ internal knowledge resources for IT support and education. Strong track record in AI tool adoption strategies, instructional content design, and cross-functional tech enablement.

## WORK EXPERIENCE

Uber

Senior Technical Writer | BizTech Enterprise Apps

May 2021 – Present  
Remote | U.S. team

- Lead day-to-day operations of the IT Knowledge Management team. We oversee 400+ knowledge resources for AI, SaaS, Cloud, and Enterprise applications in partnership with engineering teams—maintaining an average article rating of 4.72/5.
- Launch Uber’s internal GenAI Knowledge Hub in ServiceNow and Confluence, educating 10,000+ employees in AI tools (e.g. ChatGPT, Gemini, Glean, etc) and driving 120K+ new page visits across Uber’s internal platforms.
- Create API documentation and user-facing resources for Uber’s GenAI Gateway, a unified platform for all internal LLM use cases, improving the onboarding process for new GenAI tools and pilots.
- Troubleshoot and resolve Tier 1/Tier 2 issues across Enterprise Apps (SaaS, AI, Cloud), identifying root causes, logging defects, and closing knowledge gaps in SOPs to improve self-service success rates and reduce ticket volume.
- Review knowledge escalations for L1/L2 support teams, ensuring SOPs reflected real-world scenarios, enabling agents to resolve tickets confidently, and driving a self-service-first culture across the organization.
- Architect the content hierarchy and taxonomy tree of Uber’s new central wiki by reviewing, retiring and migrating 800+ IT Knowledge resources from dispersed legacy repositories.

BairesDev

Content Strategist (SEO) | Global Marketing

May 2019 - May 2021  
Remote | LATAM team

- Lead SEO optimization for 50+ services landing pages, achieving ~80% first-page Google rankings through improved metadata and structure, keyword optimization, and refining copy to match user intent—rather than marketing buzzwords.
- Scale blog content production by 4× (from 8 to 32 articles per month) by designing and executing a content strategy centered on SEO growth of service landing pages, managing external writers, and reviewing strategic alignment of all deliverables.
- Ghostwrite and edit thought leadership content for C-level executives across Forbes Tech Council, LinkedIn, and the company blog, elevating brand voice and increasing follower engagement in their personal profiles by 2.5× on average.

Almerco

Marketing Technology Associate

Dec 2018 - May 2019  
Hybrid | Lima, Peru

- Redesign and manage the firm’s WordPress website, improving UX/UI, responsiveness, and content structure by implementing plugins, rewriting copy, and defining page hierarchies.

## PROJECTS

Knowledge article optimization for AI search engines

Uber

- Developed and piloted an agentic workflow that automatically analyzes, scores, and optimizes internal knowledge content for AI-readiness across Uber’s enterprise knowledge systems. [Learn more.](#)

Launch and structure new GenAI knowledge hub

Uber

- Designed and implemented a centralized knowledge hub across Confluence and ServiceNow to educate employees on generative AI tools like ChatGPT, Gemini, and Zoom AI, driving 120K+ internal views. [Learn more.](#)
